

### Our Products:

-  Aluminium Bi-Folding Doors
-  Automatic Opening Windows
-  Glazed, dual-pitch Skylight

This is a residential barn conversion project, located in Mirfield, West Yorkshire. Our project team worked with Architect JG-D to design a solution that transformed an unusable space into something quite spectacular. Dortechs work included the design, manufacture & installation of the high performance glass structure which incorporated automatic opening windows, a glass roof and large bi-folding aluminium doors. Please contact the team using the number below for further information.
